

Getting Ben on the Ballot!

Thank you for helping get Ben on the ballot! We need to collect 18,364 valid signatures by August 29, but we can't wait that long to get started! Gathering signatures is easy!

Who Can Sign?

All registered voters may sign the petition. If registered Republicans and Democrats later choose to vote in their party's primary, their signature won't count towards Ben's total.

If you plan on voting in your party's primary, you can still gather signatures. You can also write Ben in for Governor on your partisan ballot as a show of support.

How do you ask?

Are you tired of extreme partisan politics and the lack of leadership in Salem? Sign this petition to put Ben Westlund on the ballot as an independent. Let's give Oregonians the chance to hear what he has to say about the issues.

You don't have to know Ben's stance on every issue to gather signatures. If someone asks you something you don't know, say, "Well, I don't know the answer to that, you may check his website at www.benwestlund.com, but signing the petition is not committing to vote, it's just to give him a spot on the ballot so we can learn more about him."

The Basics:

1. Only registered Oregon voters may sign.
2. All signatures on each sheet must come from the same county. Write the county on the top right corner on the appropriate line.
3. Only one voter per line. Couples must sign separately.
4. Each line must be filled out completely, no ditto marks.
5. Sign and date the bottom of the petition after you have gathered the signatures.
6. Leave the sheet number blank and don't make any other marks on the page.
7. Mail in right away, even if your sheet is not full. You can always print out more from our website at www.benwestlund.com.
8. Leave the county elections official certification section at the bottom of the petition entirely blank.

If you don't want to gather additional signatures for Ben, just fill out the petition as the circulator and fill in the first voter line and return right away.

Mail the completed sheets to:
