### **Internship Position**

#### **Media Internship**

The Ben Westlund for Governor Campaign is looking for a Media Intern to organize the daily electronic media blitz. This position can be done at home or in one of the many campaign offices around the state, requiring up to 3 hours a day.

Every morning, the Media Interns are asked to organize news clipping for staff members and then distribute them electronically. News clips should be from internet blogs and online papers, radio, tv, hardcopy newspapers and magazines. The news clips are then put into Microsoft Word and emailed to all Campaign staff members. The Media Intern will also be responsible for organizing our Media volunteers.

The Campaign is more than happy to work with interns on ensuring they receive college credit for their summer work. Interns are responsible for working through the details of the program with their schools.

If you are interested in this, or any other internship available through the Ben Westlund for Governor, please contact Kelli Mauzy, email [kelli@benwestlund.com](mailto:kelli@benwestlund.com) or call (877) 544-9222.
